

2019 Global Operations Conference Case Competition

Conference Sponsored by:

The University of Michigan [Global Operations Conference](#) by the [Tauber Institute](#) is hosting the annual business case competition to challenge and reward students with an interest in forward-thinking operations solutions.

Why Participate?

Seize an opportunity to take your potential to the next level. You and your team will:

- Gain practical insight into the world of management consulting
- Jumpstart and/or enhance your case interview skills
- Discover your passion and strategic insight into complex real-world business problems
- Compete against other top schools
- Meet leaders and professionals across industry verticals
- Have fun!

Finalists' resumes will also be offered to conference sponsors, including Amazon, Microsoft, A.T. Kearney, Emerson, and more, and **scholarship prizes will be given to top performing teams!**

Represent your university in this competition with other top schools! The final round will be at the University of Michigan Ross School of Business during the 2019 Global Operations Conference on November 7-8.
