TAUBER INSTITUTE FOR
GLOBAL OPERATIONS
UNIVERSITY OF MICHIGAN

tauber.umich.edu

Today's global business climate
is nothing like it was thirty
years ago.

The thinking shouldn't be
either.

The world of business has changed. New ways of thinking and leadership is needed to address industry disruption. It's why the **Tauber Institute for Global Operations** at the University of Michigan was created. Today's leaders must manage complex cross-functional work **spanning supply chain and predictive analytics to advanced manufacturing and sustainability initiatives and more.**

This kind of leader is developed with intention. The Tauber Institute develops multidisciplinary talent utilizing the strengths of Michigan's top-ranked Ross School of Business and College of Engineering school curriculums overlaid with a comprehensive leadership development program. Combined with a **capstone industry project**, the Tauber Institute for Global Operations has become one of the premier, global multidisciplinary operations & supply chain programs, developing new leaders who will be ready to tackle the world's toughest challenges.
